Subject: Meta Spark portfolios, Gallery and Awards are going away
Date: Friday, 16 December 2022 3:10:57 AM

Hi ,

We're writing to let you know that Meta Spark portfolios, and the Creators, Gallery and Awards pages will no longer be available in Meta Spark Hub beginning January 16, 2023. The ability to share credit for an effect – and add that effect to your portfolio as a collaboration – will also go away.

We're making these changes after careful consideration. We want to streamline the Meta Spark Hub experience, so we're removing some pages that see low levels of engagement. We also want to better acknowledge Meta Spark creators for their skill and innovation – rather than the number of effects and views – leading to the decision to remove Awards.

Please know that while we're removing these pages, we remain committed to our community of Meta Spark Creators, and to the experiences you have built on Meta Spark. With these changes, the [Meta Spark Community Group](#) remains a great place to showcase your effects and get feedback.

We're grateful for your contributions and are excited to see what you build and showcase next.

Thanks for being a Meta Spark Creator.

- The Meta Spark Product Team
